

Hi all,

As alumni of the program, we invite you to take part in helping the Youth Governor's decide what the National Matter of Importance will be this year.

Each year, Youth Parliament brings together young people from across Australia to debate the issues that matter most to their generation.

One of the first items debated in every state Youth Parliament is the National Matter of Public Importance (MPI) – a coordinated national debate that brings youth perspectives to the forefront of public conversation.

To determine the topic for 2026, we are launching a national consultation, and we want to hear from as many young people as possible.

Our goal this year is ambitious. We want 2026 to be the largest consultation yet, reaching young people aged 12 to 30 across Australia.

To make this happen, we need your help.

We invite you to share the consultation widely and encourage young people in your networks to participate.

● Share your thoughts here:

<https://forms.gle/dhZe21VVcEUsAHZ97>

The survey takes just a few minutes to complete and will help identify the issue that should be debated nationally through Youth Parliament in 2026.

By contributing, young people are helping shape a national conversation about the challenges, ideas, and solutions that matter most to their generation.

Also! If you haven't already, don't forget to sign up as part of the official alumni program here ([The Y WA's Youth Parliament Alumni Network Sign Up Form – Fill out form](#)) so that we can keep you updated with YP news!

Kind regards,

Youth Parliament Coordinator
